# LE MAS SANT JOAN

NOVEMBER 1 TO 7 - 2025

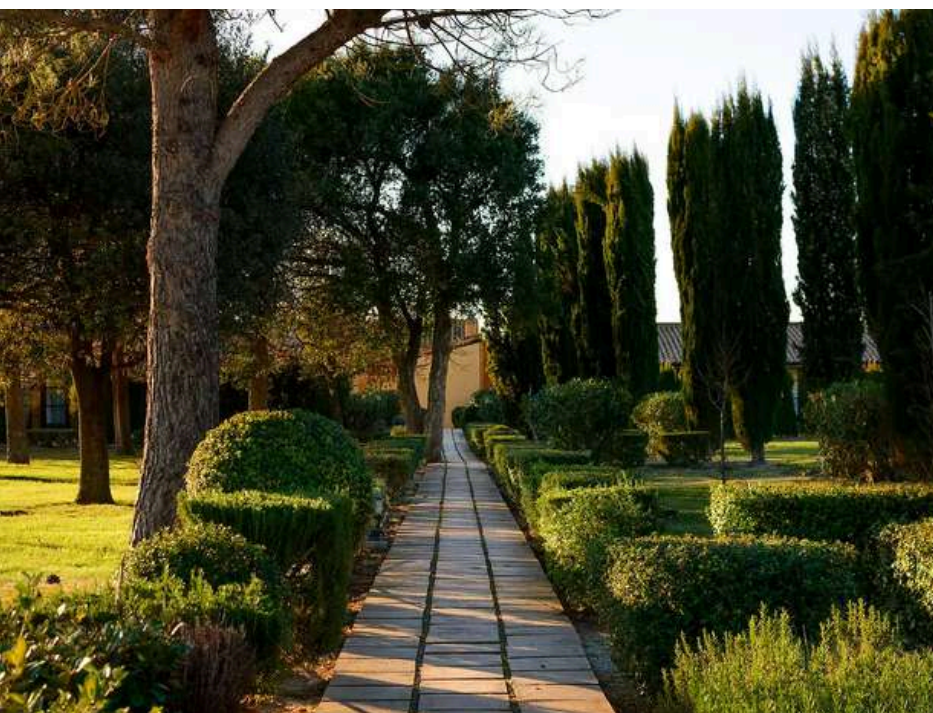

# LE MAS SANT JOAN

Here, everything is designed so that your meetings can take place in a good atmosphere and without constraints, neither for the participants nor for the facilitators.

On sunny days, why not work in the park or on the shaded terrace... Regarding activities and teambuildings, your participants will have the choice; while lounging on a chaise longue under the arcades of the building or by the pool; or by cycling to the most beautiful beaches of the Costa Brava in about ten minutes.

The "outdoor" activities here have a smell of the Mediterranean: picnics on the beach, water activities...

# ROOMS

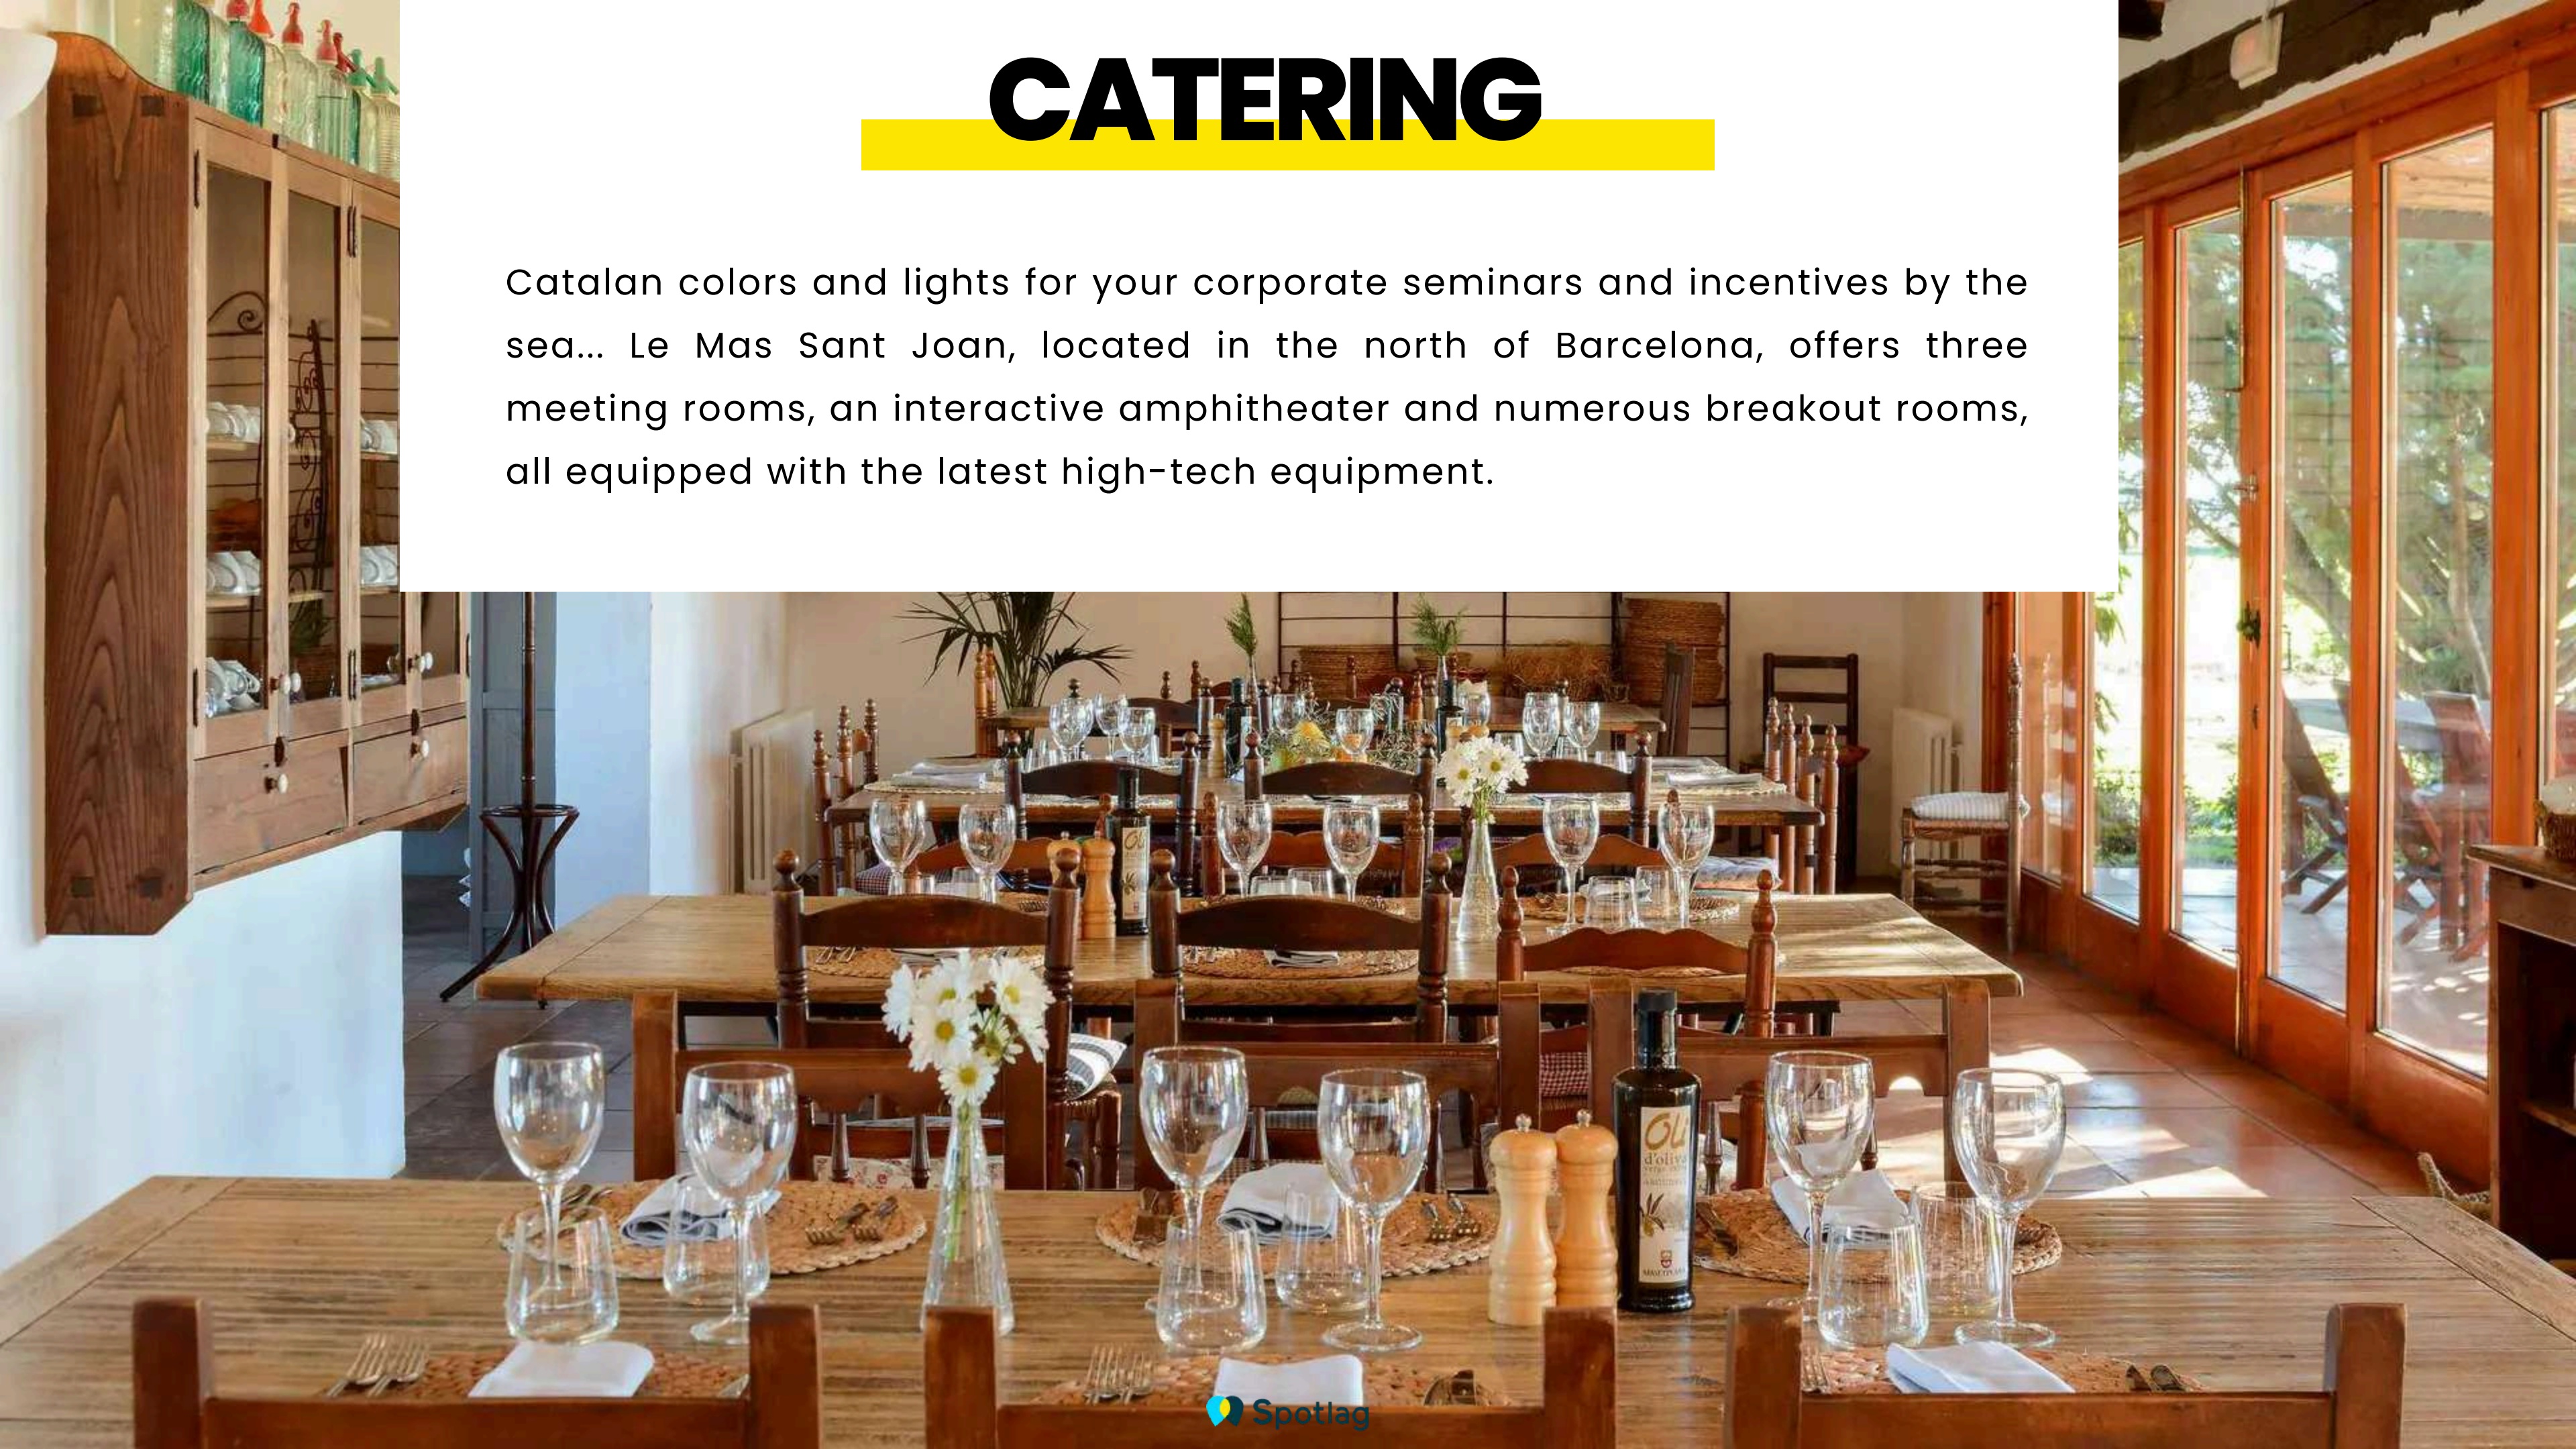

Le Mas Sant Joan has 40 comfortable rooms, combining rustic charm and modernity. Housed in typical red brick buildings of the region, they offer a peaceful and warm setting. Each room is equipped to ensure a pleasant stay, ideal for seminars and professional retreats.

# CATERING

Catalan colors and lights for your corporate seminars and incentives by the sea... Le Mas Sant Joan, located in the north of Barcelona, offers three meeting rooms, an interactive amphitheater and numerous breakout rooms, all equipped with the latest high-tech equipment.
